As students and families work in partnership with teachers to navigate an environment of distance and hybrid learning, Teach Plus teachers worked together to organize a printable packet to support students. This document is intended to serve as a quick resource of basic information that supports larger learning goals. The information in this packet is ideal for students in 6th, 7th, and 8th grade. This packet should not replace any guide/resource/tool given by your child’s teacher/school, but is an additional resource organized into the following parts:

Part 1: Digital Citizen Skills
This section will share tips to support safety and quality use of online resources to support student learning and interactions.

Part 2: Language Arts/Reading Resources
This section includes language arts/reading academic vocabulary words that your child’s teacher may use during instruction, activities, and assessment, as well as books to read and critical thinking questions.

Part 3: Math Resources
This section includes math academic vocabulary words that your child’s teacher may use during instruction, activities, and assessments, as well math conversions and formulas.

Part 4: Social Emotional Resources
This section includes strategies and ideas to support the social and emotional well-being of students and information for additional resources.

Part 5: Additional Resources:
This section will provide contact information and links for COVID-19, mental health support, free educational resources, and more.
“Digital citizenship is the continuously developing norms of appropriate, responsible, and empowered technology use.”
- Cited from Digital Citizenship

Things to consider:
+ Online safety: It includes keeping personal information safe.
+ Copyright and fair use: It includes knowing which digital resources are open-sourced.
+ Academic integrity: It includes ensuring student work is free of plagiarism.
+ Anti-bullying: It includes what it means to be an upstander, someone who stands up for those who are cyberbullied.

General Websites to Support Digital Learning
1. https://www.commonsensemedia.org/
2. https://digcitcommit.org/

Fact Checking Websites
5. https://www.snopes.com/

Student Digital Citizens Will:
+ Protect private information
+ Stay safe online
+ Respect themselves and others
+ Stand up to cyberbullying
+ Balance online time
Part 2: Language Arts and Reading Resources

Academic Vocabulary (Word lists from: https://www.greatschools.org/)

6th Grade:
+ **Analyze**: to examine critically
+ **Consequence**: effect, outcome or result of something occurring
+ **Chronological**: arranged in the order of time
+ **Elaborate**: to add details or expand
+ **Thesis**: an idea put forward for consideration

7th Grade:
+ **Acknowledge**: to admit to be real or true
+ **Characterize**: to describe the individual quality
+ **Viewpoint**: an attitude of mind
+ **Persuasive**: intended to convince
+ **Antagonize**: to make hostile or unfriendly
+ **Irrelevant**: having no value

8th Grade:
+ **Ambiguous**: open to having several meanings
+ **Evoke**: to call up or cause to appear
+ **Imperative**: absolutely necessary
+ **Significant**: deserving of attention
+ **Assumption**: something taken for granted

New Mexico Battle of the Books 2020-2021:
+ Path to the Stars: My Journey from Girl Scout to Rocket Scientist by Sylvia Acevedo
+ Small Spaces by Katherine Arden
+ Count Me In by Varsha Bajaj
+ They Call Me Guero: a Border Kid’s Poems by David Bowles
+ Insignificant Events in the Life of a Cactus by Dusti Bowling
+ Two Roads by Joseph Bruchac
+ Storm Runner by J. C. (Jennifer) Cervantes
+ Ruby in the Sky by Jeanne Zulick Ferruolo
+ Baseball Genius by Tim Green
+ Academy by M.A. Larson
+ Greenglass House by Kate Milford
+ Nyxia by Scott Reintgen
+ Pay Attention, Carter Jones by Gary Schmidt
+ Four Dead Queens by Astrid Scholte Addison
+ Cooke and the Treasure of the Incas by Jonathan Stokes
+ The Secret of Nightingale Wood by Lucy Strange

Critical Thinking Questions for Texts

1. Why is this a problem?
2. Why did the character say ...?
3. Why did the author decide to ...?
4. Why did that happen?
5. Why is this important?
6. Why do you think (I, he, she, they) asked that question?
7. How would you solve ...?
8. How is this different from other situations?
9. How is this similar to ...?
10. How would you use ...?
11. How could the story have ended differently?
12. Can you give me an example?
13. Do you agree with ...?
14. Can you compare this with ...?
15. Can you defend the actions of ...?
16. Could this be interpreted differently?

### 10 Math Terms to Know:

1. **Algorithm**: step-by-step procedure for solving a problem
2. **Order of Operations**: ALWAYS work left to right: Parentheses, Exponents, Multiplication and Division, Addition and Subtraction
3. **Prime number**: a number that has only two factors, 1 and itself
4. **Composite number**: a number that has more than two factors
5. **Integers**: all positive and negative whole numbers
6. **Absolute value**: the distance of an integer from 0
7. **Exponential Notation**: a number written with a base and exponent Base: the number that is multiplied by itself
8. **Exponent**: the number that tells you how many times to multiply the base
9. **Square Root**: a number that must be multiplied by itself to equal a given number
10. **Polygon**: a closed figure formed by 3 or more lines

Mindfulness Activities:

You can...

- Yawn and stretch for 10 seconds every hour.
- Clench your fist and breathe into your fingers.
- STOP:
  - Stand up and breathe. Feel your connection to the earth.
  - Tune in to your body. Lower your gaze. Scan your body and notice physical sensations or emotions. Discharge any unpleasant sensations, emotions or feelings on the out breath. Notice any pleasant ones and let them fill you up on the in breath.
  - Observe. Lift your eyes and take in your surroundings. Observe something in your environment that is pleasant and be grateful for it and its beauty.
  - Possibility. Ask yourself what is possible or what is new or what is a forward step.
