Your contribution is, in part, a quid pro quo contribution. The amount of your contribution that is deductible for federal income tax purposes is limited to the amount of your contribution that is more than the value of the goods or services you received in return.

Our Big Goal

In 10 years, make Pennsylvania the fastest-improving state in the country in 4th grade reading.

The Challenge

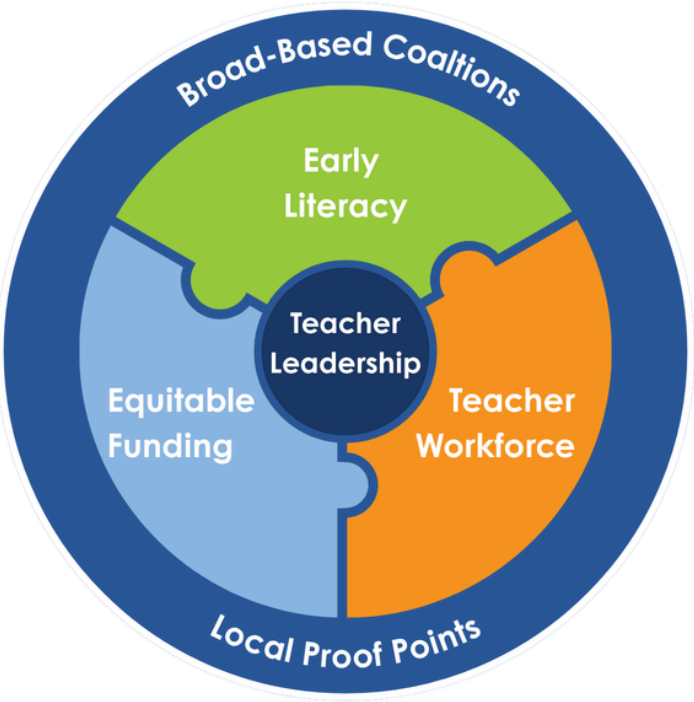

PA's Reading Emergency
Only one in three Pennsylvania fourth graders reads proficiently, according to the 2024 Nation's Report Card, with some of the greatest racial and socioeconomic disparities in the nation.

Teacher Shortage Crisis
Pennsylvania is facing a teacher shortage crisis, with teacher certifications down 70% over the past decade and vacancies concentrated in the highest-need schools.

Unfair School Funding
In 2023, Pennsylvania's school funding system was ruled unconstitutional due to inequities between high-wealth and low-wealth districts. The state still owes over $3 billion to underfunded school districts based on its own adequacy calculation.

What We Do

The mission of **Teach Plus Pennsylvania** is to empower excellent, experienced, and diverse teachers to take leadership over key policy and practice issues that advance equity, opportunity, and student success. We achieve this through a combination of policy advocacy, program implementation, and teacher leadership development.
